2014 IDS Project Conference

Tom Bruno

Yale University

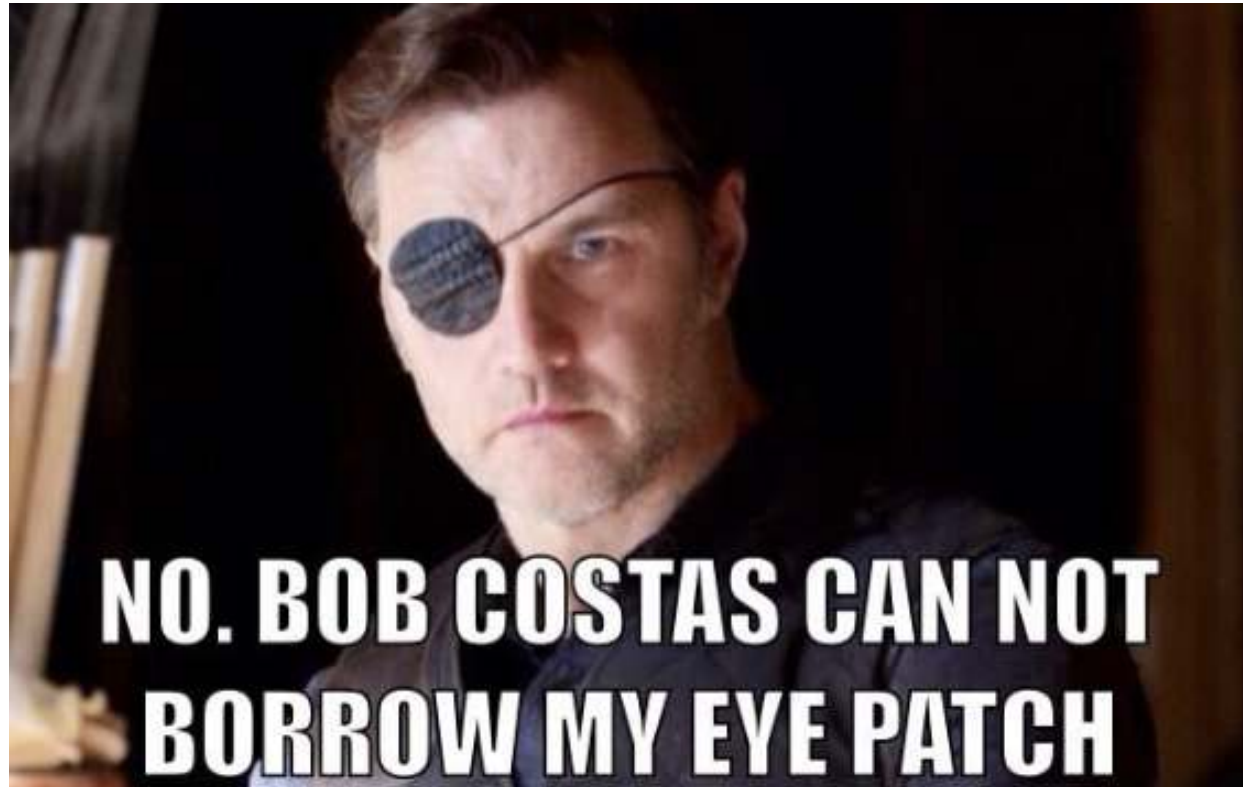

A promotional image for Disney's Frozen featuring Elsa. She is shown from the waist up, wearing her iconic ice-blue gown with intricate patterns. Her long, blonde hair is styled in a braid adorned with small blue snowflake ornaments. She has a gentle smile and is looking slightly to the left. Her right hand is extended, and a trail of shimmering snowflakes is falling from it. The background is a deep blue with a subtle, repeating pattern of snowflakes.

[@mchris4duke](#) Coordinated collection development is more about ecology and less about economy- call me the Lorax, I speak for the books!

We just don't know it yet!

In other words...

**ONE COMMUNITY**

“It means we value all research whether the library anticipated the need or not. It means we value all researchers whether they conduct their research at our institution or at another. It means we value change and embrace the global nature of research. It means we value efficiency through continual process improvement. It means we value effectiveness by making our services available when and where the user is. *It means we value community because without it we would accomplish nothing.*”

The books glow white in  
the stacks tonight  
Not a reader to be seen  
A kingdom of isolation,  
And it looks like I'm the  
queen.

WorldShare is howling  
like this swirling storm  
inside  
Couldn't keep them in,  
heaven knows I tried!

Don't let them out,  
don't let them read  
Be the non-circ library  
you always have to be  
Conceal, don't feel,  
don't let them loan  
Well, now they loan!

Let it go, let it go  
Can't hold it back  
anymore  
Let it go, let it go  
Marked as Shipped  
and out the door!

I don't care  
What they're going to say  
Let the books go out,  
Jiffy bags never bothered  
me anyway!

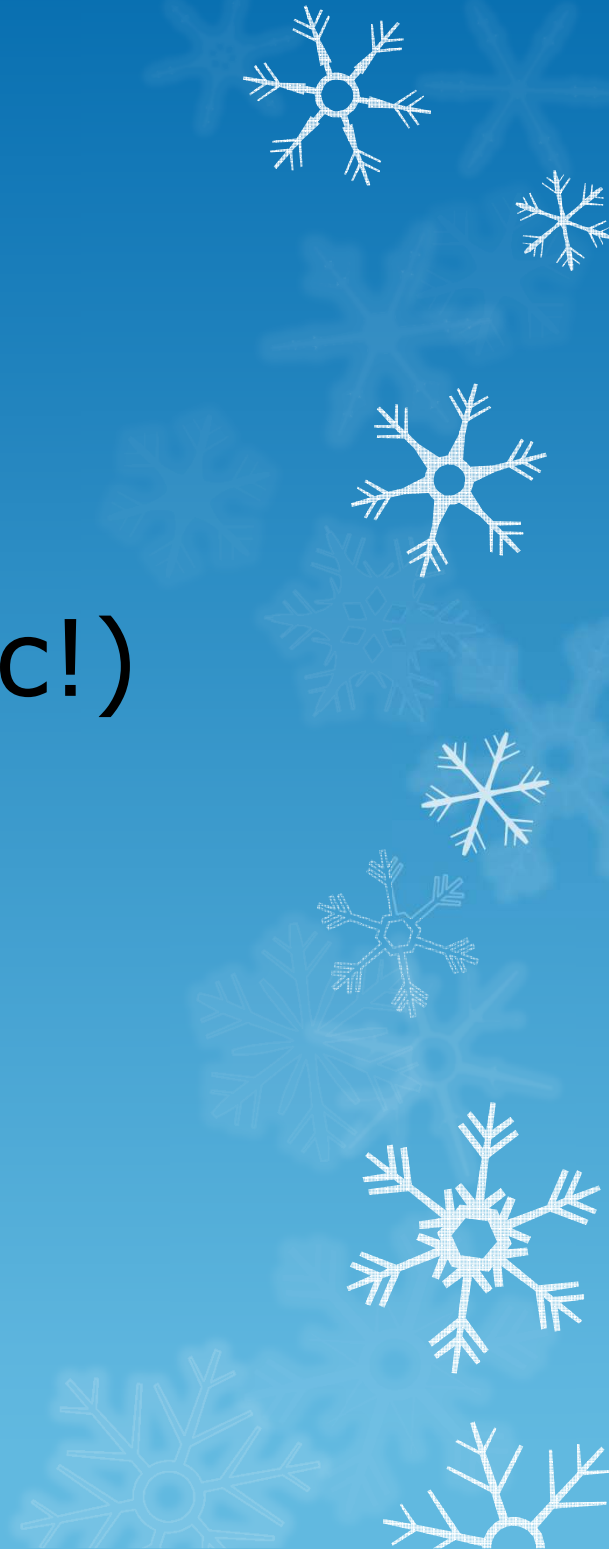

It's funny how some distance  
Makes everything seem small  
And the fears that once  
controlled me  
Can't get to me at all!

It's time to see what I can do  
To test the limits  
and break through  
No right, no wrong, no rules  
for me- I'm free

(Hooray for IDS Logic!)

Let it go, let it go  
I am one with the Bill Jones

Let it go, let it go  
This is making Steelsen cry

Here we'll stand  
And here we'll stay  
Let the books go  
out!

My power flurries  
through the add-ons  
into the server  
My souls is spiraling in  
custom routing all  
around

And one thought  
crystallizes like an icy  
blast

I'm never going back,  
EMST's in the past!

Let it go, let it go  
And I'll rise  
like the break of dawn

Let it go, let it go  
That lowercase  
library is gone!

Here I stand  
In the light of day  
Let the books go out,

**IDS '14 IS  
UNDERWAY!**
