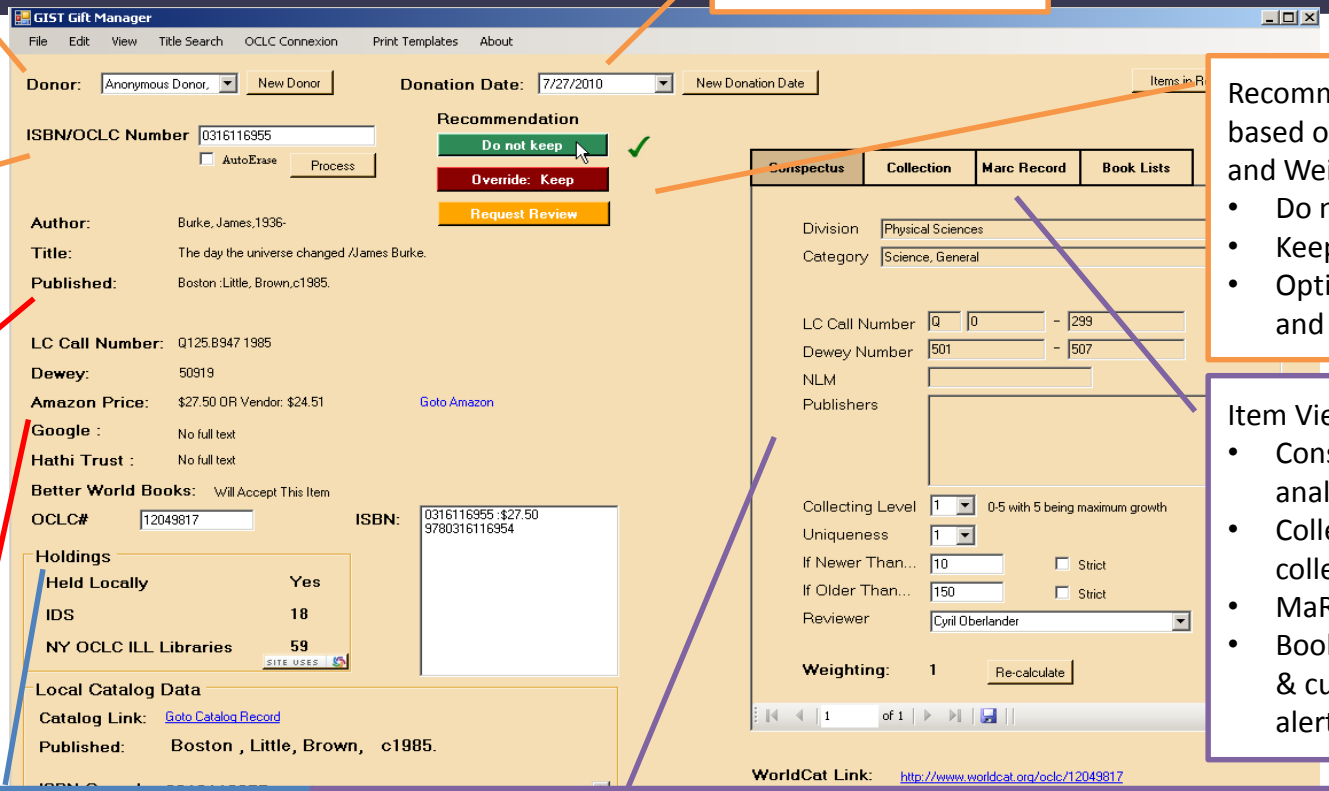
Select Donor

Select Donation Date

Wand in ISBN, or OCLC#, or do a Title Search for donation

Item Information: Author, title, series title, imprint, LC Call no. & Dewey

Item Information: Amazon Price; Full-text: Google & Hathi Trust; Better World Books acceptance of Library discard



Recommendation based on Conspectus and Weighting

- Do not keep
- Keep
- Options: Override and Review

Item Views:

- Conspectus (subject analysis)
- Collection (donation collection)
- MaRC record
- Book Lists – awards & custom book list alert service

Holdings Information:

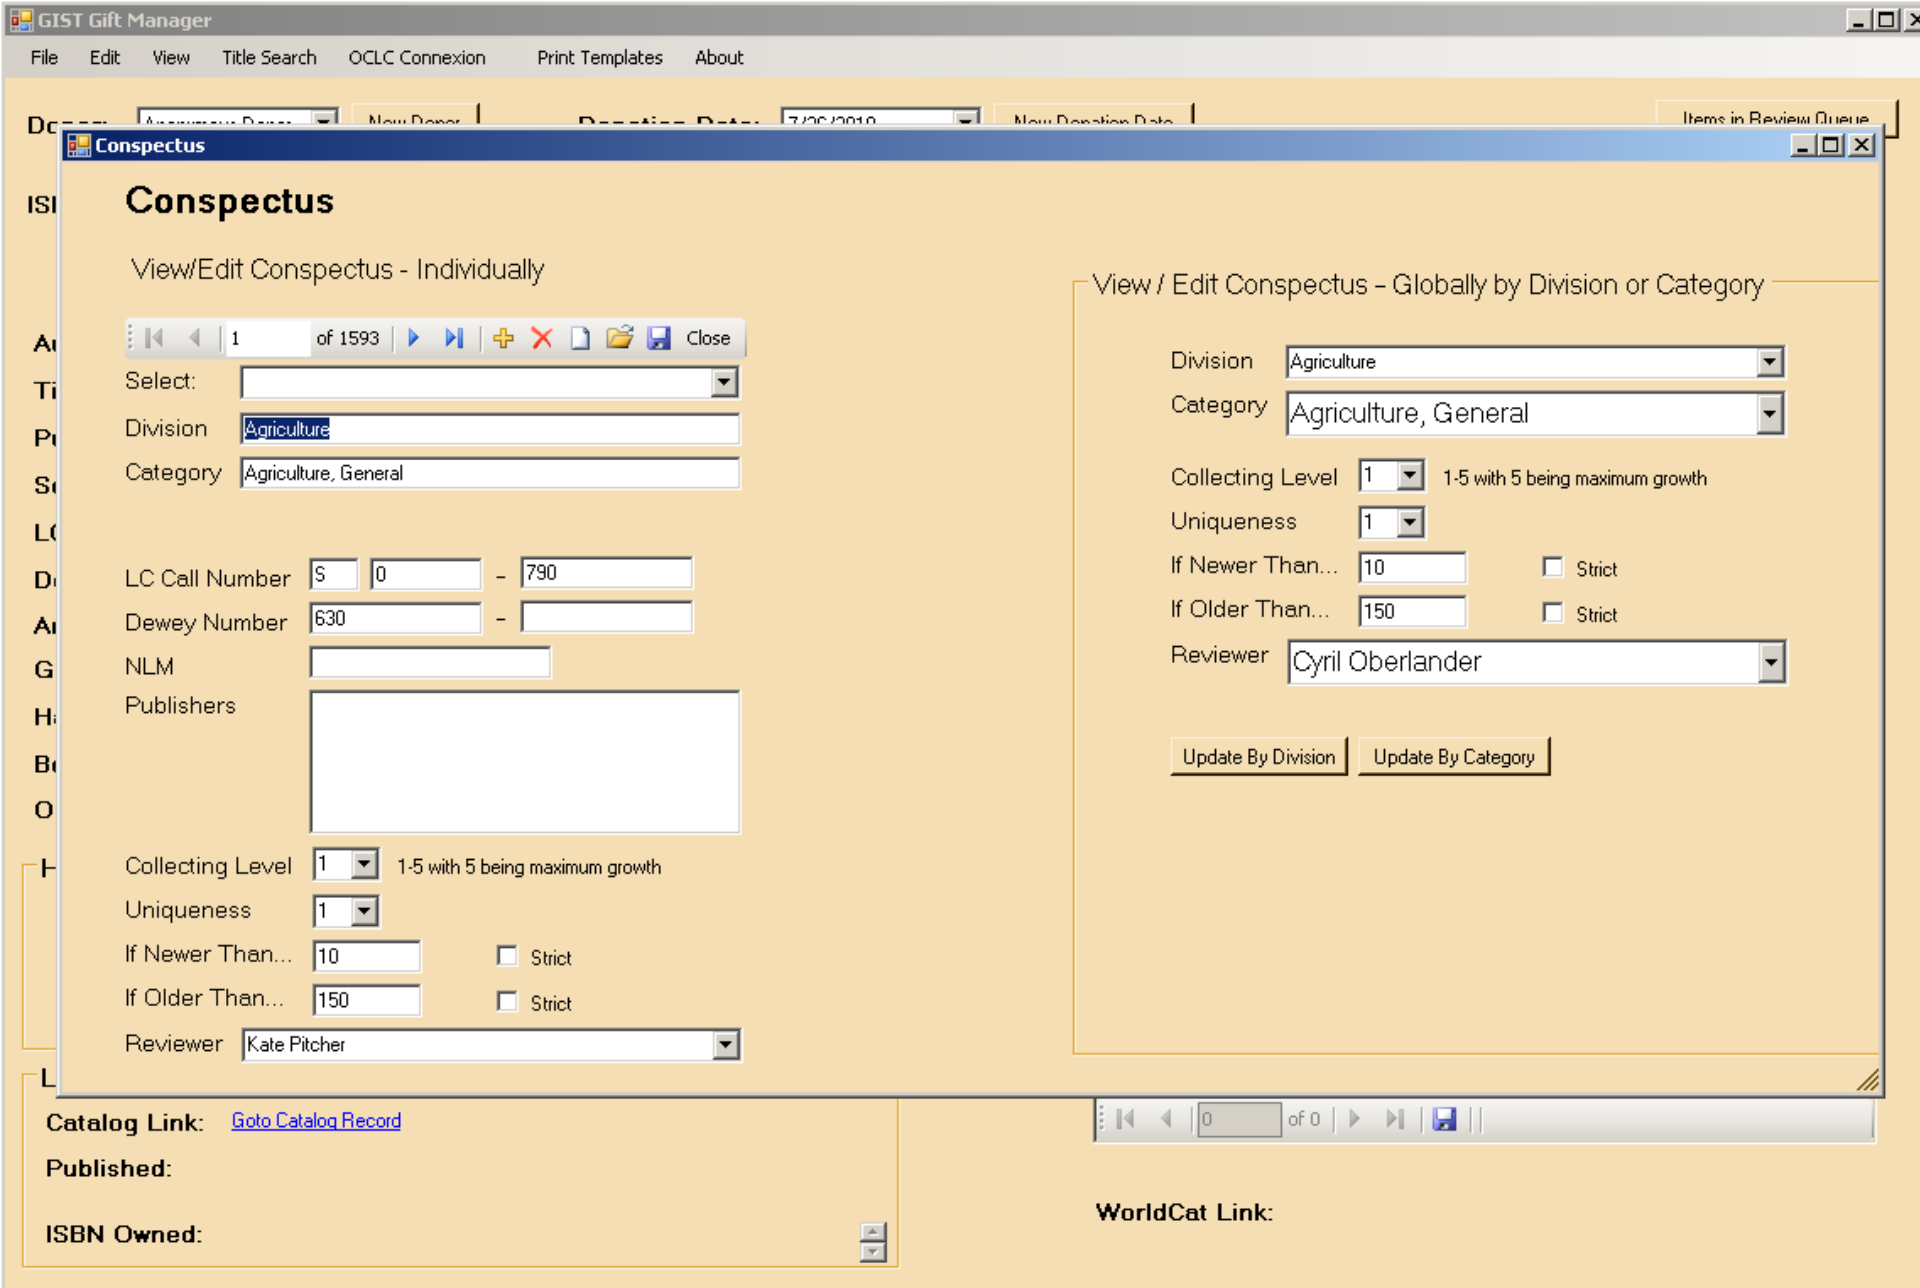
- Held Locally – do you hold work (FRBR-ized)
- "IDS" or Group 2 is a configurable set of OCLC symbols like consortia or local area. (not FRBR-ized)
- "NY OCLC ILL Libraries" or Group 3 is a configurable set of OCLC symbols like a state. (not FRBR-ized)
- Local Catalog link and imprint to compare editions of gift & holdings.
- Worldcat Link to the right

Conspectus View: is your subject and configurable decision weighting tool

- Subject analysis matches on LC and Dewey, best matching conspectus values utilized.
- Collecting level evaluates item against configurable level of interest in growing the collection in this subject area.
- Uniqueness evaluates item against configurable level of interest in how widely held is this item based on your group 2 and 3 holdings.
- "If Newer Than" limits, by a factor or strictly, by the publication dates of donated works.
- "If Older Than" limits, by a factor or strictly, by the publication dates of donated works.
- As you process gifts, you can adjust factors and re-caculate the weighting to see the effect on the recommendation.
- The navigation bar at the footer allows you to view multiple conspectus values, if applicable.

IDS PROJECT

Conspectus



Gift Processing

Free standalone open-source software released August 2010…
now used by 200 libraries.

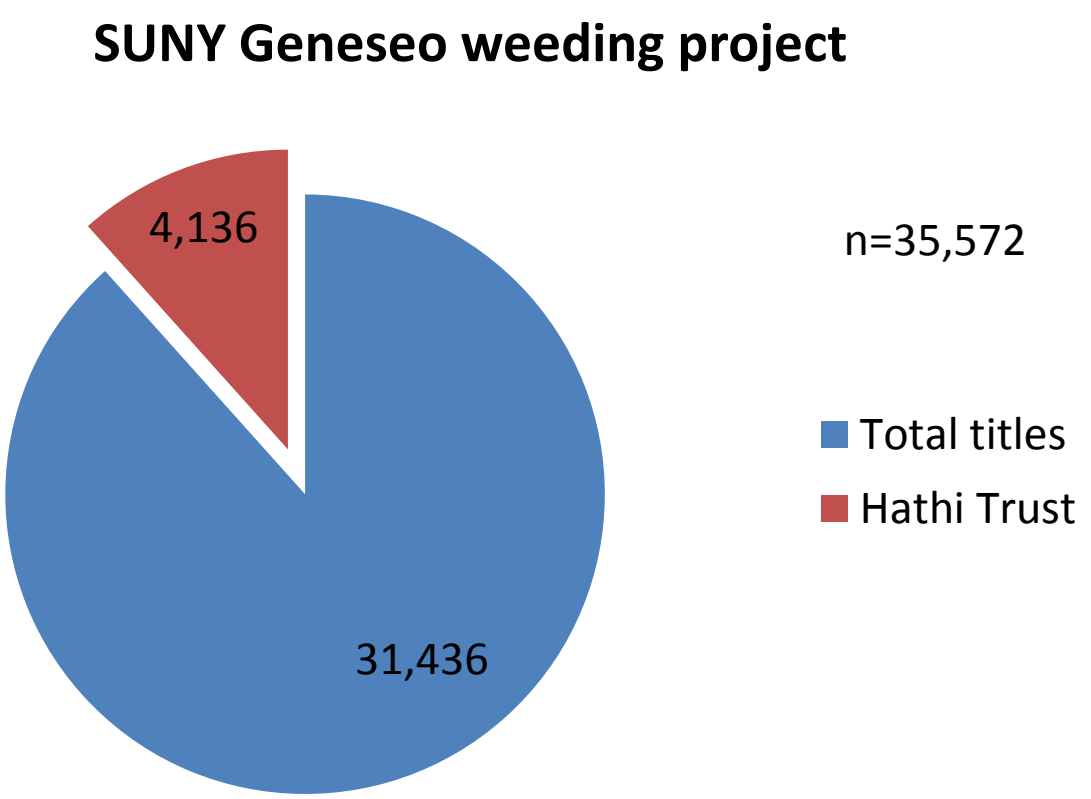
At Milne Library…

4,324 Gifts Received Over a 3 Month Period:

- **713 items or 16% acquired, total value at about $49K**
- Items not acquired are sent to Better World Books, and revenue returned from sales go into collection building.

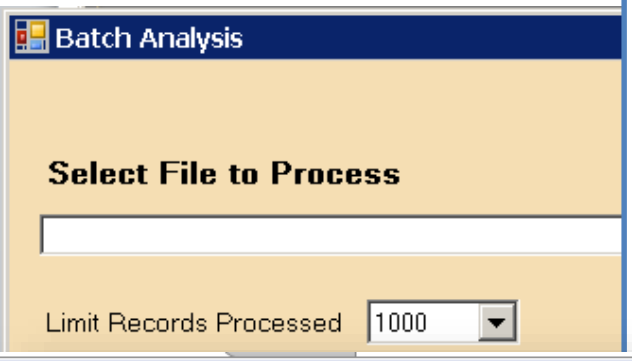
Deselection

13 % of titles in storage are available FULL-TEXT through Hathi Trust digital repository



Batch Analysis

IDS PROJECT



1. Import ISBN &/or OCLC# using an ILS report (e.g. 0 or low use report as a simple delimited file)
2. Run Batch Processing – GIST exports Excel file.
3. Review GDM data: Free full text, price, accepted by Better World Books, regional holdings, & more.
4. Sort by values, make decisions, then…
5. Batch remove from OCLC using Connexion (or convert records for full-text holdings?)

Improvements at the Local Level

- No local installation required
- Centralized WSKey and other API Keys
- Gift Processing
- Collection Analysis
- Deselection/Weeding
- Textbook Detection (local and consortial)

New Consortial Features

- Coordinated Collection Development
- Consortial Reports
  - e.g. Duplication Report, Digitization Recommendations
- Empire Shared Collection

IDS PROJECT

Coordinated Collection Development

- Cross campus conspectus comparison
- Ability to Regift (transfer discards) to other libraries based on conspectuses
- Last Copy Detection

Gift & Deselection Manager Online

SUNY Innovative Instruction Technology Grant 2013

- $11,500 for programming by outside contractor
- $6,500 in match and in-kind from IDS and Geneseo

The bad news:

- Programming by outside contractor
- Original contractor doubled agreed upon price
  - Spent time finding a new contractor
  - Behind schedule but catching up (front and backend now working!)
- Currently in Beta Testing at Geneseo

The good news:

- SUNY libraries will be linked though SUNY Consortial Group
- IDS libraries will be linked through the IDS Consortial Group
- Will be freely available to all SUNY and IDS libraries

Getting It System Toolkit (GIST) focuses on optimizing workflow by leveraging systems to do more work while reducing the staff time necessary to make informed decisions and process materials.

- Free and open source tools and software
- Customizable configurations
- Automate evaluation and other processing
- Streamline decision-making and automate processing for:
  - Acquisitions & Interlibrary Loan: Borrow & Buy Strategies
  - Collection evaluation and processing of gifts, duplication detection and deselection, free ebook detection and more…
